homologous

Word of the Day - for Toastmasters everywhere

Saturday 27th August 2022

homologous

(adjective) hom-OL-uh-gus

Of the same or similar essential nature.

The changes were accordingly reenacted in **homologous** provisos and sections of the act of 1864.

US Supreme Court judgement: Wisconsin Central R. Co. v. United States, 164 U.S. 190 (1896), decided 16 November 1896. US Supreme Court

The move from a structuralist account in which capital is understood to structure social relations in relatively **homologous** ways to a view of hegemony in which power relations are subject to repetition, convergence, and rearticulation brought the question of temporality into the thinking of structure, and marked a shift from a form of Althusserian theory that takes structural totalities as theoretical objects to one in which the insights into the contingent possibility of structure inaugurate a renewed conception of hegemony as bound up with the contingent sites and strategies of the rearticulation of power.

Judith Butler, *Diacritics*, quoted by Demis Dutton, *The Wall Street Journal*, 5 February 1999. Article reprint

Laboratory tests by Afssa, France's national agency for nutritional safety, showed that the virus found at the turkey farm was 99 percent **homologous** with that found in one of the ducks, the Agriculture Ministry said in a statement.

Unattributed, *The New York Times*, 25 February 2006. New York Times

There is no perfectly **homologous** group of single-purposed individuals that sits down before a polished table in a soundproof room and plots new holocausts in Europe.

Marc Charney, The New York Times, 23 July 1995. New York Times
